

## A Clubhouse Program Empowering Persons

**At Opportunity Project, we are building alliances with business organizations who value community service, integrity, and success. We welcome your collaboration as we work together in establishing strong ties with the business community to promote economic to fulfill your needs for an underutilized and motivated work force.**

**Opportunity Project Inc.**, a unique not- for- profit community based program that works with employers, who want access to a highly productive workforce that is prized for its reliability, diligence, and job skills. Opportunity Project is looking to develop a mutually beneficial partnership with your business organization by providing:

- Job applicants whose skills, interests, learning styles, physical capabilities and work ethics match the demands required of employers
- On-site Training and orientation for the new employees, disability sensitivity education for coworkers and supervisors, and ongoing support throughout the duration of employment
- Up-to-Date information on Job Accommodations, ADA Regulations, and Liability Concerns

These job candidates have a wide range of proven abilities, aptitudes, experiences and educations. They are eager to contribute their multiple talents and skills towards the growth and enrichment of your business organization.

A valuable benefit of considering an Opportunity Project job candidate is the option to assess a potential employee's skills and capabilities as they perform the actual required job duties before you make the decision to hire.

Other ways that the Business Community can partner with Opportunity Project are by:

- Participating in Employment Services Marketing Focus groups
- Offering practice and informational interviews
- Critiquing resumes
- Providing internship opportunities, and conducting workshops on how to successfully obtain and maintain employment.
